### Chess with Mrs. Venzor

1<sup>st</sup> - 6<sup>th</sup> Grade

Chess is more than just a game—it's a powerful tool for building executive functioning skills like focus, planning, problem-solving, and self-discipline. In this class, students will explore everything from the basics of piece movement and board setup to advanced strategies, chess notation, and the rich history of the game. Lessons are structured, engaging, and designed to promote critical thinking, etiquette, and sportsmanship.

This is a focused learning environment—not a casual game club—ideal for students ready to take chess seriously and grow their skills. All experience levels are welcome, and each student will keep a personal chess notebook to support their learning.

## *Pick Up and Late Fees*

The After School and Enrichment Program pickup is at 5:30 PM. Parents/Caregivers who pick up students late will be charged \$25 for every 15-minute interval they are tardy. Notice of delay is greatly appreciated; please call 202-821-2547 to inform After School staff of any updates in regards to the dismissal of your child. Emails after 3pm will not be monitored frequently to address any dismissal needs.

After School will not occur on days where there are noon dismissals or early dismissals due to inclement weather or community safety concerns.

At the Lab School of Washington, we take our responsibility for the safety of our students seriously. All individuals picking up a child **MUST** be prepared to present a valid PHOTO ID matching the name as it appears on the approved pick up list provided by the parent/guardian during registration. Failure to provide an ID could result in longer wait times when picking up as we confirm identity.

## *Refunds and Prorates*

Parents have until Friday, March 7<sup>th</sup> to make changes to their child's Enrichment Activity schedule for a partial refund. Any requests made after this date will not be refunded.

We are not able to pro-rate or refund fees due to student absences, early dismissals or school closures due to inclement weather or community safety. If you anticipate that your child will not consistently attend After School, please consider opting for our "drop in" option.

Labs Athletics are non refundable after the first game. After registration, you may make changes to your child's registration for a partial refund.

## *Registration and Safety*

All enrichment activities are subject to minimum enrollment requirements. If an activity does not meet the required number of registrations, it may be cancelled. Families affected by a cancellation will be notified and given the option to register for a different activity or receive a full refund. Refunds for cancelled activities will be processed at the time of cancellation.

# Terms and Conditions

At Lab, we are committed to creating a safe, respectful, and engaging environment for all participants. To support this, we use positive behavior management strategies and work to redirect disruptive behavior when it arises. However, if a student's behavior continues to be disruptive despite multiple redirection efforts, we reserve the right to remove the child from the program. Please note that in such cases, no refund will be issued. This policy ensures that all students have the opportunity to learn and thrive in a positive setting.

## *Inclement Weather and School Closures*

After School will not occur on days where there are noon dismissals or early school closures due to inclement weather or community safety concerns.

In the event of inclement weather, the School will make every effort to inform families of changes to After School and Enrichment programs as early as possible. Our community at Lab School hails from DC, Maryland, and Virginia. We take into consideration the conditions across the metro area when making weather-related decisions.

The School generally takes the following steps to communicate its decision to the School community:

- Lab School will send an automated email, text, and phone message to every family who entered contact information in the website's Parent/Student directory.
- The status for the day will be recorded on the School's main number: (202) 965-6600.
- The status for the day will be on the School's website: [www.labschool.org](http://www.labschool.org).
- The following radio and TV stations will be contacted to post the operating status:
  - NBC Channel 4
  - Fox Channel 5
  - ABC Channel 7
  - CBS Channel 9
  - WTOP 103.5FM

\* Please note that radio and TV stations may not immediately post our message.

## Registering for Programs

Log into the platform using the website  
[auxiliaryprogramsatlab.campbrainregistration.com](http://auxiliaryprogramsatlab.campbrainregistration.com)

Once logged in you will be directed to this page which is displayed underneath the picture of the Head of School.

### First time registering for programs

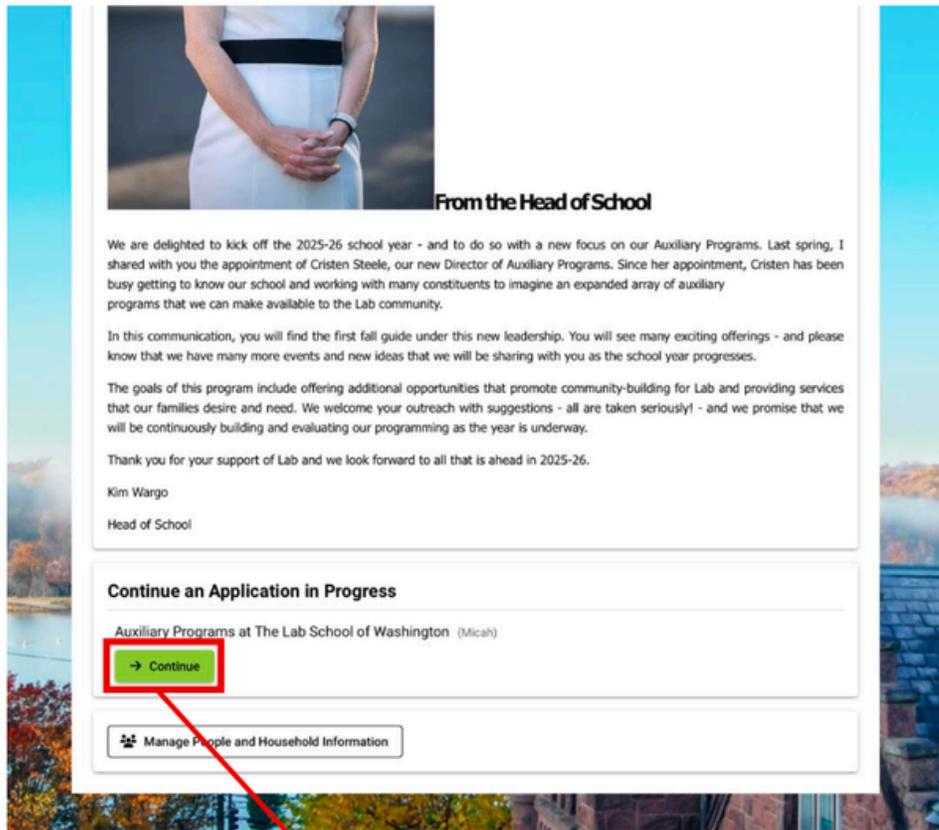

The screenshot shows a web page with a header "From the Head of School". Below the header is a message from Kim Wargo, Head of School, regarding the 2025-26 school year. The message includes details about the appointment of Cristen Steele as the new Director of Auxiliary Programs and mentions a first fall guide. Below the message are two main sections: "Start a New Application" and "Manage People and Household Information". The "Start a New Application" section has a green button labeled "→ Begin" which is highlighted with a red box. The "Manage People and Household Information" section has a button with a person icon and the text "Manage People and Household Information", also highlighted with a red box. Red arrows point from these buttons to explanatory text on the right side of the page.

Click on the Begin button to move forward.

Manage household member here. This is used for adding children or spouses and updating information like birthdays or phone numbers.

## Returning to register for additional programs

The screenshot shows a web page with a header image of a person in a white dress. Below the image is the text "From the Head of School". The main content area contains several paragraphs of text, followed by a section titled "Continue an Application in Progress". This section includes a sub-header "Auxiliary Programs at The Lab School of Washington (Micah)" and a button labeled "→ Continue" which is highlighted with a red box. Below this is another button labeled "Manage People and Household Information". A red arrow points from the "Continue" button to the text below the screenshot.

**From the Head of School**

We are delighted to kick off the 2025-26 school year - and to do so with a new focus on our Auxiliary Programs. Last spring, I shared with you the appointment of Cristen Steele, our new Director of Auxiliary Programs. Since her appointment, Cristen has been busy getting to know our school and working with many constituents to imagine an expanded array of auxiliary programs that we can make available to the Lab community.

In this communication, you will find the first fall guide under this new leadership. You will see many exciting offerings - and please know that we have many more events and new ideas that we will be sharing with you as the school year progresses.

The goals of this program include offering additional opportunities that promote community-building for Lab and providing services that our families desire and need. We welcome your outreach with suggestions - all are taken seriously! - and we promise that we will be continuously building and evaluating our programming as the year is underway.

Thank you for your support of Lab and we look forward to all that is ahead in 2025-26.
